

# GARDENIA

## *Flowering Period:*

Must have warm days and cool nights for flower buds to form. Blooms sporadically during the growing season with a prolific blooming in the spring and again in the fall.

## *Light:*

Bright light is essential. Must have three to four hours of direct sun.

## *Water:*

Keep evenly moist, using soft tepid water. Must have consistent watering to prevent bud drop. Mist leaves frequently. Enjoys high humidity - a gravel tray may be necessary in winter. Fertilize monthly, March through October, with a fertilizer specifically for acid-loving plants.
